Keynote Speakers

*MONDAY OPENING SESSION*

**RACHAEL MANN**

Rachael uses her voice and her expertise to broaden the conversation around education reform, and to amplify the voices of teachers and students. Prior to #TeachLikeTED, Rachael was the Network to Transform Teaching and STEM professional learning director for Northern Arizona University, state director for Educators Rising Arizona, and currently provides professional development for West-MEC. A former high school Career and Technical Education teacher, and hailing from a family of educators, she has fourteen years of classroom teaching experience. She serves on the ACTE Region V Policy Committee, the NCLA executive board, and the ACTEAZ executive board. She is a founding member of the Council on the Future of Education. Rachael is a Google Certified Educator with a master's degree in educational leadership from Northern Arizona University. She currently lives in Phoenix, Arizona, and enjoys hiking, tennis, and good eats.

*TUESDAY BREAKFAST SESSION*

**STEVE DeWITT**

Stephen DeWitt is the Deputy Executive Director for the Association for Career and Technical Education (ACTE). His role includes cultivating strategic partnerships to advance the association's mission, especially related to development of content that addresses the needs of ACTE's members. He also has oversight of policy, advocacy, media and research activities. He has 30+ years in the public policy arena. Prior to joining ACTE, Mr. DeWitt directed government and public relations for the National Association of Secondary School Principals, and held positions with the State of Florida's Governor's office, Florida Department of Education, and APCO Worldwide, a Washington, DC-based public affairs firm. Mr. DeWitt holds a Bachelor of Science degree from Florida Southern College.

# 2018 WA-ACTE Summer Conference CTE...Connecting Education and Careers

## Conference Information

### 2018 Washington ACTE Summer Professional Development Conference Objectives

The purpose of the 2018 Washington ACTE Summer Professional Development Conference is to coordinate and conduct sustainable, intensive, professional development opportunities that meet the needs of all educators; particularly Career and Technical Education (CTE) educators including K-12 and community and technical college instructors, counselors, administrators, school board directors, and coordinators.

The specific objectives of the 2018 Washington ACTE Summer Professional Development Conference seek to provide professional opportunities to integrate coherent and rigorous content in the Career and Technical Education (CTE) curricula so students master their academic skills while developing the specific technical skills needed by:

- Reinforcing Career and Technical Education (CTE) educator pedagogy and andragogy of student engagement, administrative policies and procedures, including the legal responsibilities and ethical standards supporting quality educator standards (TPEP).
- Identifying and promoting effective Career and Technical Education (CTE) curricula focused on students mastering the technical skills required in high demand occupations that connect and support student understanding and application of the arts, sciences, technology, engineering, and math (STEM) concepts for student career success.
- Discovering what resources may be available to implement effective career-connected learning opportunities leading up to and within specific individual CTE programs in the K-12 and community and technical colleges system.
- Sharing best practices for effective business and industry partnerships, and to improve parental and community involvement
- Identifying and supporting best practices and programs to recruit and retain quality CTE instructors pre- and post-service.

### STEM TRAINING 5.0 (REQUIRES PRE-REGISTRATION)

SATURDAY-WEDNESDAY .....NEWTECH SKILL CENTER

*Gene Wachtel, gene\_wachtel@lkstevens.wednet.edu*

*Rick Taylor, rick@robotmesh.com*

*Anthony Bowler, anthony@robotmesh.com*

You will need your laptop (Apple or PC) for coding and USB hook-up. The cost of the workshop includes the new VEX V5 Classroom Starter Kit, including a robot kit, motors, V5 Brain and V5 Controller, which will not, unfortunately, be available until after school starts. Since the rollout of VEX V5 kits has been pushed into September, you will receive it as soon as it is available. Robot Mesh will be doing the inservice training, and the focus will be on programming a VEX V5 robot using both real and virtual robots, with Drag-N-Drop Blockly and Python programming. We will also talk about the VEX Robotics Competition (VRC) and the TSA-VEX Challenge.

#### STEM Training Schedule:

- Day 1 Saturday, August 4, 10 am-4 pm (6-Hr w/working lunch)
- Day 2 Sunday, August 5, 7 am-4 pm (8-Hr w/working lunch)
- Day 3 Monday, August 6, (At Hotel – OSPI Updates / Vendors / Across-the Board Sessions)
- Day 4 Tuesday, August 7, 7 am-4 pm (8-Hr w/working lunch)
- Day 5 Wednesday, August 8, 7 am-11 am (5-Hr)

### FREE CERTIFICATION LAB TESTING

CCI Learning Solutions will be offering certification testing to all attendees of the WA-ACTE Summer Conference. The exams that are available include all Microsoft Office Specialist exams for Microsoft Office 2016, Microsoft Certified Educator, and Microsoft Technology Associate exams. These certification exams are available at every high school, junior high, and middle school in the state through the Microsoft Certification Program giving your students, staff, and faculty the opportunity to gain a globally-recognized technology certification. Here's your chance to try these exams and see for yourself why hundreds of schools across the state are making them a part of their technology and business courses.
