## Continuing Education ~ Winter 2017

### Career & Technical Teacher Education

professional ~ flexible ~ affordable

#### Intro to Career and Technical Teacher Education

Course is designed to help teacher-candidates lay out a professional development plan based upon an inventory of their current or past work experience, skills, talents, and competence. Course includes an introduction to safety and health issues and the incorporation of safety practices into the CTE curriculum. **Class meets online with one required in-person session on Saturday, February 11.**

**Instructor: Tammy Price**

**Fee: \$225 & \$30 (materials fee & online fees)**

**January 17-March 21 30 clock hours\***

**Item #9773 hybrid/online class**

#### CTE Classroom Management (2 sections)

Course equips teacher-candidates with the understanding and skills to manage the classroom or instructional area; facilitate a safe learning environment; and be able to respond to other contingencies that may arise (including disciplinary issues). **Class meets online with one required in-person session on Saturday, March 18. Required text for class.**

**Instructor: Brenda Grabski**

**Fee: \$195 & \$30 (materials fee & online fees)**

**January 17-March 21 30 clock hours\***

**Item #9701, #9703 hybrid/online class**

#### Legal Issues – Rights and Responsibilities

This course introduces school law and educational policies including covering such subjects as: FERPA, curriculum, student free speech rights, student discipline, EEO, students with special needs, federal, state and local statutory rights of teachers, teacher employment, collective bargaining, and related educational policies (state, local, district). **Class is entirely online.**

**Instructor: Bryan Erickson**

**Fee: \$195 & \$30 (materials fee & online fees)**

**January 17-March 21 30 clock hours\***

**Item #9702 online class**

*\* These are time involved classes. Successful completion of class is based on achieving the stated competencies outlined for the class.*

#### CTE Classroom Assessment and Evaluation

This course is designed to help teacher candidates understand best practices in assessment, evaluation, and grading. Gain understanding of both formative and summative assessment as well as explore multiple measures of student learning and how to apply in your teaching practice. Pre-requisite: Teaching Strategies or equivalency. **Class is entirely online.**

**Instructor: Jillian Waffle-Osborn**

**Fee: \$195 & \$30 (materials fee & online fees)**

**January 17-March 21 30 clock hours\***

**Item #9777 online class**

#### Integrating Technologies in the Classroom

This dynamic course covers the selection, development, design, use and integration of appropriate technologies and instructional materials that aid and enhance learning and meet instructional goals. **Class is online with two required in person sessions on Saturdays: February 4, March 11.**

**Instructor: Chance Gower**

**Fee: \$195 & \$30 (materials fee & online fees)**

**January 10-March 14 30 clock hours\***

**Item #9700 hybrid/online class**

#### Program Development: Implementing CTE Standards (for experienced certificated teachers)

Develop and refine the skills needed to implement an action plan for promoting, sustaining and keeping current your CTE course. Create dynamic partnerships with key community and business partners to enhance and increase work-based learning opportunities. Integrate academic standards and 21<sup>st</sup> Century Skills. **Class meets online with two required in-person sessions on Saturdays: February 4, March 11. Registration requires permission from Program Director, Luisa Motten.**
