Hello WA-ACTE Members!

I am writing to ask for your help in finding a talented, exciting person to fill a **Director of Program Development position for WA-FCCLA**. The WA-FCCLA Advisory Board and Board of Directors have been contemplating such a hire for a couple of years.

Each year the funding to support CTSOs in WA is at risk. We would really like to make WA-FCCLA less susceptible to the fluctuations of State and Federal funding. This person could help us establish financial security, and better support some of the important initiatives we would like to pursue in this state (greater adviser training, chapter officer training, scholarships, competitive events support – to name a few).

We all need to work together to find the right person! The job description/position announcement for this position is attached. Please pass it along to people who would be great applicants – or who might know of great applicants! We will begin reviewing applications on January 15, 2018.

Please let me know if you have any questions or recommendations!

Thank you!

Debbie
