4. The quality of the physical facilities.	4.00
5. The quality of the oral presentations.	5.00
6. The quality of the written program materials.	5.00

**Suggestions for improving the inservice:**

- This was the best workshop. Thanks for all you did to make this possible for us. You're the best! I would love to have the lunch recipes. It was so good!
- More appropriate location with proper equipment for the group cooking experience.
- Make sure directions to off-site conferences are specific--where to park/how to get into building.
- When I registered in the spring for this conference the description for this workshop was written poorly. This is a great workshop, but I had no idea how useful this would have been.
- Fantastic--not just another boring teacher meeting. Bev was great, lots of ideas to stew about and put in place this next school year!
- Bev is an excellent presenter. This class will help me be a better culinary instructor.
- Incredible job! Sets the bar high and gives real world examples to support the learning material.
- This was amazing, it would be nice to have even more time with her. The demo of the chef dinner was a great way to show us how it's done. Only suggestion is maybe we could have talked while the food was cooking. Maybe we could have had some stuff started. I loved it, but feel that I would have had more "Bev" time. She is who I want to be like when I grow up.
- Wow just love Bev Anderson--she rocks--put all papers shared online for us to access online.
- Fabulous speaker!
- One of the best conference workshops I've ever attended and the BEST lunch I've ever had at a workshop! Loved the handouts and the information. I can use to change up my lesson plans this year. Thank you so much!
- Bev is so empowering, giving, willing to share information and passionate about teaching. She excites and elevates teaching. Great class and kick off to conference.
- Loved the chef's dinner to actually see how it works and talking with the students. Appreciate all the handouts and assignments.
