JOB OPENINGS

Everett Community College seeks a full-time tenure track faculty member to join a dynamic team in the Aerospace and Advanced Manufacturing Careers Division. The instructor will oversee machining classes leading to credit certificates or a two-year ATA degree, with curricula aligned to industry standards, in direct response to the shortage of skilled workers at aerospace and manufacturing companies throughout the region. The instructor will be responsible for teaching machining courses including CNC and manual machines, as well as related math, measurement, reading of technical drawings and programming processes related to manufacturing.
