WA-ACTE Summer Conference Silent Auction 2015 for the [Washington CTE Foundation](#) - [Click Here for Bid Sheet](#) - The silent auction will run during registration on Monday, August 10. At the close of the auction, the item will be sold to the highest bidder. Winners will be posted on Tuesday. Payment will be expected upon announcement of winners. Payment may be made by check or credit card.

- All donations are greatly appreciated!
- Money collected from auctioned items will be used to fund the Washington CTE Foundation and Washington ACTE scholarships.
- Each WA-ACTE section is being asked to contribute one or more items to the annual silent auction. An individual item or "gift basket" is suggested.
- Seek donations from faculty, community members, business organizations, committee members, etc.
- Be creative....in the past we have auctioned pottery, photographs, books, wine, chocolates, weekend retreats, theater tickets, sporting event tickets, gift cards, photo albums, fragrances, jewelry, yard art, etc.
- You will need to complete a bid sheet for each item you are contributing. At the top of the sheet, please type in a description about your item(s), and indicate which section, individual, school, college, etc. has contributed the item. If you feel your item requires a minimum bid, please indicate the amount.
- You are responsible for bringing your donated item(s) and printed bid sheet(s) to the conference.
- The location for dropping off auction items and completed bid sheet form is at the Yakima Convention Center.
- Come prepared to spend money at the auction!

OPPORTUNITIES

Computing For All presents:

First Annual Washington State Middle School (5th – 8th grades) Computer Science Competition

www.computingforall.org

Redmond, WA

9:00 – 2:30 pm

Saturday, May 30, 2015

Students from all Washington State elementary and middle schools, 5th – 8th grades, are invited to participate in the competition, which is designed to test their skills in computer programming and basic problem solving, as well as their general knowledge of computer science.

Microsoft is thrilled to make available an amazing learning opportunity for high school educators interested in teaching a high school edition of Harvard University's wildly successful CS50 Introduction to Computer Science course in their own classrooms this fall.

Harvard Professor David J. Malan and members of his teaching staff will lead a bootcamp, providing teachers with the how and why behind their effective and engaging computer science teaching methodology.

Teachers participating in this bootcamp, June 25-26, 2015, will be provided with online support and join an online community throughout the school year. Microsoft will work to provide on-the-ground or online subject-area experts to support teachers, whenever possible. As pioneers who bring CS50 into their high school classrooms, teachers will have the opportunity to provide valuable feedback and contribute to the development of additional teacher and student resources as the school year progresses.

Educators outside the US are encouraged to participate, as well as those from the US.

There is no charge for this bootcamp.

Educators interested in teaching CS50 in their classrooms can learn more here: <http://aka.ms/cs50teachers>

Learn more about CS50 Here:

Professor Malan Bio: <http://aka.ms/professormalanbio>

| |
|---|
| Job Title: 1.0 FTE Family and Consumer Science Teacher |
| District / School: Colfax School District |
| Brief Description: |
| Position: The District is accepting immediate applications for a Family and Consumer Science Teacher with priority given to applications which evidence professional training and personal commitment to the whole range of secondary learner. Our FCCLA program is recognized as an exemplary program with students competing at state and national levels. Some of the FACSE classes are required for graduation. |
| Qualifications: It is the intention of the district to employ for the purpose of teaching department curriculum in Family and Consumer Science Education. All prospective employees being considered for employment will be required to complete a satisfactory background review as a condition of employment. The background review includes: Endorsement and certification checks to hold the position, evidence of physical, mental, and emotional health to meet the daily demands of the job, no convictions of sexual predator or child abuse laws of the state, investigation with prior employers, and evidence of being free from drug dependency. Colfax Schools are a tobacco free environment. |
| Expectations: The district will expect the successful applicant to demonstrate career interest in academic instruction. Assignment will include teaching in modernized schools in a collegial environment which supports learning strategies that cross over content subjects and emphasize responsible behaviors from students. The district is committed to high-quality classroom instruction in all positions. The person employed will demonstrate a professional interest in the art and science of classroom teaching. The challenge requires one who will address the social/emotional needs of students, teach effective classroom lessons using active learning methods, organize effectively, hold students to high performance and behavior standards, and invest time, energy, and service to students in the activity program. Ability and willingness to coach activities and/or advise clubs is preferred. |
