WOVE Legislative Update for CTE Wins Advocacy Publication Award at ACTE Region V Conference in Rapid City, South Dakota

Career and Technical Education Last Week in Olympia:

It is the last week of the 2017 Legislative Session! We are down to what will hopefully be a final budget within the regular legislative session; if not, we will go into a Special Session. For Career and Technical Education (CTE) it is the final push to reach the needed operational funding formula for CTE needed to maintain CTE programs across the state.

For background and understanding the numbers, the Washington Research Council released a [high-level policy brief](#) that touches on the big buckets of funding within the House and Senate's proposed 2017-2019 full operating budgets.

For schools specifically, OSPI released a [Multi-Year Budget Proposal Comparison](#) pivot table for districts to compare their budgets over three school years, 2018-2019 through 2020-2021 for both the Senate and House K-12 funding proposals. In the summary tab and the notes at the bottom of each district summary you will see the per – FTE/Student rate for CTE.

While we started in January proposing a more comprehensive approach to funding CTE, we are now down to achieving the best position possible within whatever turns out to be the final operating budget!

How You Can Help—Contact Your Legislators:

Last week I asked you to participate in a “full court press” by calling and emailing your local Senator and Representatives. Reach out NOW or AGAIN because “the squeaky wheel gets the grease” to [all your legislators](#) and let them know how important it is for their final budget to provide the CTE funding being asked for by the Washington ACTE and many others; “tell” them that ... “*You expect them to support increased operational funding for CTE required to keep our current programs and vital to having any chance to expand opportunities for pathways to professions that will assure success for students in their chosen careers and ultimately their lives in the future.*” Have your friends and family join you! The more people who let their legislators know they support having CTE funding in the final budget, the better. You can [email your legislators](#). To reach your legislators by phone, call 1-800-562-6000. Please do what you can: **“The only wrong action is inaction!”** Any and all contacts will help greatly!
