[WA-ACTE Summer Conference](#)

CTE...Connecting Education to Careers
August 4-7, 2019

[The Davenport Grand Hotel](#) | [Spokane](#)

This year's WA-ACTE Summer Conference, co-hosted by Washington ACTE and the Office of Superintendent of Public Instruction, will focus on the ongoing high-quality CTE initiatives that applies best practices, innovation, integration, and implementation of Career Connected Learning through CTE. Presentations and sessions will focus on the twelve elements defining high-quality CTE as identified by ACTE's High-Quality CTE initiative. The purpose of Summer Conference is the same as in years past, *"to improve learning for educators and students."* This is an interactive conference designed to engage individual educators, schools, and community members to implement quality CTE programs for student success.

[Marine robotics captivates 6th-grade STEM students](#)

A team of sixth-graders at Haller Middle School in Arlington, Wash., developed an underwater robot as part of an extracurricular science project and will compete with it at a regional meet this weekend. Teacher Roel Ubungen, who leads the school's Robotics Club, says the project taught the students engineering, technical and teamwork skills as they worked to solve real-world problems.

[Wash. scholarship targets 2-year degrees](#)

Washington state is launching a new scholarship aimed at helping students pursue two-year career and technical degrees. Provided through the Washington State Opportunity Scholarship program, the new scholarship seeks to help provide a robust pipeline of skilled workers in the state.
