

WOVE Legislative Update for Career and Technical Education

2019 Legislative Session | January 28, 2019

**WOVE...Representing the Career and Technical Education field through advocacy activities, which promotes the value of CTE and the policies that are needed to support CTE practitioners, advance the field, and improve student learning.
To subscribe to the *WOVE Legislative Update* or to view past issues, [please click here.](#)**

Week two of session is in the books and while it has started at a whirlwind pace of new bills being proposed it is slowing down and those involved from members, their assistants, and lobbyists are finding equilibrium in their work.

Jesse and I both are working to stand up a bill that will bring our proposal to achieve Solution #1 in our [Legislative Action Plan](#). At this point we are in conversation with a freshman (new to the legislature) member of the House to be the prime sponsor of “our” bill to address Solution #1. In concert with that member we are working to build understanding and support among education stakeholders to gain their support and/or sympathy for the bill. We have had several meetings with members building support and understanding along with several more in the upcoming weeks. If you know of any member that you are close to and believe we need to connect with, please let me know directly by email and we will connect ASAP. From the meetings we have had with members we are getting very positive feedback and support for us to go forward. If you are interested in being more engaged in making this happen and help our work, please join us for our weekly GoToMeetings every Thursday at 6 PM.

Along with member support we are informing education lobbyists from groups that have and continue to be interested in the success of CTE. They too look forward to a bill for them to support. As soon as we get a bill number, everyone can more actively advocate for final passage.

Within the large number of education bills there are those that will aide CTE students, educators, and programs if passed. Some of the topics of which you can find bills listed for below that I would suggest you check out are those in, but not limited to, the following areas:

- Proposed changes to the healthcare benefits on the School Employee Benefits Board (SEBB) took place in the Senate and in the House this past week.
- Changes to Regionalization continues to be discussed and hopefully the legislature will provide some help to those districts most severely impacted.
- There are bills proposed by the PESB to address the teacher shortage, which include scholarship assistance for CTE Plan II teacher candidates if successfully passed, along with changes to the WEST-B to be more of a formative assessment of future teacher candidates in both Plan I & II programs and no longer a limiting factor.

Stay informed and connected during session by joining our weekly webinar legislative update...just send me a direct email at tim@wa-acte.org and I will send you the information. You can also follow us on twitter at @WashCTE.

Taking Action

Hopefully you are motivated to engaged in actions to support our CTE advocacy efforts, so here are some actions you may consider taking: Always remember to advocate on your own time and only using your personal email. Never use work resources to be assure you do not violate PDC laws as a public employee.

- Review the week ahead committee meeting schedule, focusing on bills that have been scheduled for public hearing. Identify bills/issues important to you.
- Reach out with your perspective on the bill and share your story. Consider coming to Olympia to meet with your member and testify on a bill important to you.
- Share CTE program data from your school/district, stories, and suggestions to improve the proposed policy from your prospective is important to legislators. *You are the expert for your program and the needs of your students so don't be anxious to share your story.* Here is a "Student Story" template for your use that unifies our CTE "branding and positioning" in all our stories this year. [CTE Student Story Template](#)
- Follow-up with legislators/committees on a specific bill or issue.
- Provide input on bills not yet scheduled for hearings that are an issue area of interest or concern to you. Specifically, for CTE share your thoughts about our Solution #1 outlined in our CTE Legislative Action Plan.

Footnote:

If you are not following and availing yourself of the many resources and information provided by the Washington State School Directors' Association (WSSDA) provided by Jessica Vavrus and their Government Relations division I strongly encourage you to check it out if you are interested sign up for their [weekly webinars](#) and bookmark their [legislative updates web page](#).
